Letter.

To

The Secretary to Government,
Public Works Department, Bombay.

Re:- Appointment of a Refrigeration Mechanic at the Vaccine Institute, Belgaum.

The Cooling Plant installed at the Vaccine Institute in the year 1931 broke down owing to age and overloading. Two refrigerating units of the latest type with an aggregate capacity of thrice the original plant have been installed to keep the large quantity of lymph, serum, etc. kept in the cold room at the desired low temperature. The new equipment is entirely different from the original plant which was of a sealed type and did not require constant attendance. The new equipment requires the constant attendance of a competent mechanic to carry out minor adjustments which become necessary during the course of running. There are no engineering firms at Belgaum who can carry out repairs to the type of refrigerating units installed, and should the units fail, lymph costing more than a lakh of rupees will be destroyed.

2. In view of the reasons stated above, it is requested that Government will sanction the post of a refrigeration mechanic on the permanent establishment in the scale of pay of Rs.75-3-105-4-125, with effect from 1st January 1945. The post of the Engine Driver on Rs.81/- (G.R.,P.W.D.,No.9877 dated 26-7-1927) on the permanent establishment, which has been held in abeyance since the engines were removed, may be abolished on the creation of the post now applied for.

P. Electrical Engineer to Govt.

7196/36/3398

E. B. (II).

The Elect. Engr. to Govt. requests sanction to ~~for~~ the creation of a post of a refrigeration mechanic at the Vaccine Institute, Belgaum, on the permanent establishment in the pay scale of Rs. 75-3-105-4-125 with effect from the 1st January 1945. The Elect. Engr. further states that the permanent post of the Engine Driver on Rs. 81, which has been held in abeyance, may be abolished after the post of the refrigeration mechanic is created.

E/B (II) 81/L

PUBLIC WORKS DEPARTMENT
File No. 7196/36
8 DEC.
Sec. No. 33987

2. It may be stated that the scale of pay viz. Rs. 75-3-105-4-125, proposed for the new post is the same as that proposed for Electricians and Electrical Mechanics by the Elect. Engr. in his letter No. E-51/3433, dated 20th Nov. 1944. As the minimum of the sanctioned revised scale for the S.S.E. is Rs. 70 per mensem, the F.D. suggested a scale of Rs. 70-3-100-5-125 for Electricians + Electrical Mechanics which has been accepted by this Dept. vide G.L. No. 3486/36-E(II), dated 6th December 1944.

× Slip A. File No. 3486/36 Pt. V p. 147

— Do — p. 155

3. In this connection it may also be mentioned that a somewhat similar permanent post of a Refrigeration Electrician in the Electrical Dn. for Govt. House, Bombay, has been sanctioned in the pay-scale of Rs. 125-5-175, vide G.L. No. 6522/36-E, dated 20th July 1943.

4 Slip B File No. 6522/36 — p. 11

4. In the circumstances stated by the Electrical Engineer, it is for consideration whether the post of a refrigeration mechanic at the Vaccine Institute Belgaum, on the permanent establishment in the pay-scale of Rs. 70-3-100-5-125

— may —

7196/36/33987.

may be sanctioned in u.o. consultation / B
with the F.D. and the post of the Engine
Driver may be abolished.

Letter.

To,

The Secretary to Government,
Public Works Department, Bombay.

Subject:- Higher starting pay to the Refrigeration Mechanic at the Vaccine Institute, Belgaum.

Reference: Government, Public Works Department, letter No.7196/36-E(II) dated the 5th January 1945.

Mr.David Manohar, an employee on the workcharged establishment of the Executive Engineer, Electrical Division, has been appointed to the post of the refrigeration mechanic at the Vaccine Institute, Belgaum, sanctioned in Government letter referred to above, with effect from the 5th January 1945, on Rs.78-15-0 per mensem (Rs.76/- plus Rs.2-15-0 personal pay) in the sanctioned scale of Rs.70-3-100-5-125. His pay at the time of appointment to the above post was Rs.84/- on the workcharged establishment, and as his pay was subjected to 10% cut in the year 1932-33, only 6% cut has been applied to him, as per para 2, of Government, Public Works Department, letter No.3486/36-E-II dated the 15th September 1944, while fixing his starting pay in the new post.

Mr.David Manohar has been in this Department on the workcharged establishment since 22-6-1921, and has a thorough knowledge of repairs to fans, electric motors, lifts, motor cars, refrigerating plants, frigidaires, etc. and as such he is an asset to this Department. The duties of the post of the refrigeration mechanic are of a very responsible nature, as the refrigerating plant has to be very carefully looked after in order to keep the vaccine and lymphs etc. stored in the cold room at the prescribed temperature.

Skilled.....

Skilled mechanics like Mr.David Manohar are in great demand at present and they are given a starting salary of not less than Rs.150/- per mensem in private firms, mechanical workshops, railways, etc. As per Public Works Department letter No.6522/36-E dated the 20th July 1943, a scale of pay of Rs.125-5-175 with free quarters has been sanctioned for a refrigeration mechanic at Government House, Bombay.

In view of the facts stated above, and also in consideration of nearly 24 years' honest and faithful services rendered by Mr.David Manohar, I recommend that Government may be pleased to sanction a starting salary of Rs.100/- per mensem in the sanctioned scale to Mr.David Manohar from the date of his appointment to the post of the refrigeration mechanic at the Vaccine Institute, Belgaum.

Electrical Engineer to Govt.
